

50mm Venetian Blinds Update

We would like to advise of changes to Silent Gliss 50mm Wood Venetian slat range.

The Abachi range – **Aro, Elkin, Hibano, Kota and Muriva** – has been discontinued. Should you have any projects that were considering these colours please select an alternative.

We are evaluating new slats as alternatives, but in the meantime, our range now consists of two collections - Basswood and Bamboo.

Basswood			Bamboo		
Alabaster	Linen	Stark	Arcana	Flax	Neo
Alpine	Mystic	Storm	Amour	Haze	Zaya
Clay	Sin	Walnut	Cinder	Innocent	
Golden Oak	Soft White	Yarrin	Cyber	Kari	
Light Oak			Dante	Mari	

The range of Venetian Tapes is not affected.

Your slat selectors can be adjusted by unscrewing the bar to remove the obsolete slats.

Our PDF overview of the current Venetian slat range is available from our Website and Media Manager (password required, please contact your Silent Gliss representative).

We apologise for any inconvenience caused by these changes.

Best regards,
